- Determine if each purchase is supported by:
 - An original itemized receipt (i.e., identifies precisely what was purchased)

- Documentation of the business/public purpose (Note: For meal charges, there should also be documentation of the individuals participating)

Not applicable.

- Other documentation as may be required by policy (e.g., purchase order, authorization, etc.)

Contracts

1. Review accounting records (e.g., general ledgers, accounts payable reports, etc.) for the period under examination to identify individuals/businesses being paid for contracted services (e.g., professional, technical, etc.). Select the five "vendors" that were paid the most money during the period and determine if there is a formal/written contract that supports the services arrangement.

We reviewed the accounting records for the period under examination to identify individuals/businesses being paid for contracted services and selected the five vendors that were paid the most money during the period. For three of the five vendors reviewed, contracts did not exist which was appropriate considering the dollar amounts and nature of the expenditures. For one vendor, a contract did exist for advertising services. For one vendor, a contract did exist for administering a nine state promotion program to enhance the dairy industry.

2. Obtain a listing of all active contracts and the expenditures made during the period under examination and trace to the general ledger for completeness. Select for detailed review, the largest (dollar amount) contract in each of the following categories that was entered into during the period.

(1) Services

A list of all contracts for the period was obtained and included two contracts for services.

(2) Materials and supplies

Not applicable.

(3) Public works

Not applicable.

A. Obtain the selected contracts and the related paid invoices and:

- **Determine if the contract is a related party transaction by obtaining management's representation.**

We obtained management's representations that the contracts were not with related parties.

- **Determine if the transaction is subject to the Louisiana Public Bid Law or Procurement Code:**

- **If yes, determine if the entity complied with all requirements (e.g., solicited quotes or bids, advertisement, selected lowest bidder, etc.)**

Not applicable.

- **If no, determine if the entity provided an open and competitive atmosphere (a good business practice) for the transaction/work.**

The Board sent out requests for proposals with the assistance of the Louisiana Department of Agriculture & Forestry contract office for the contract for advertising services. This contract appears to have been awarded in an open and competitive atmosphere. The Board did not solicit bids for the contract involving the multi state promotion program as this is offered by the Southeastern United Dairy Industry Association, Inc. This non-profit organization promotes the dairy industry over a nine state area. There are no other vendors that could provide similar services and the Board obtained a sole source letter from this organization.

- **Determine if the contract was amended. If so, determine whether the original contract contemplated or provided for such an amendment. Furthermore, determine if the amendment is outside the scope of the original contract, and if so, whether it should have been separately bid and contracted.**

There were no amendments to the contracts.

- **Select the largest payment from each of the 3 largest contracts selected above and determine if the invoice(s) received and payment complied with the terms and conditions of the contract.**

The payments reviewed complied with the terms and conditions of the contract.

- Determine if there is documentation of board approval, if required.

The contracts were approved by the Board members in a public meeting.

Not applicable.

- Determine if changes made to hourly pay rates/salaries during the period under examination were approved in writing and in accordance with policy.

Not applicable.

2. Select the attendance and leave records for one pay period in which leave has been taken by at least one employee and:

- Determine if all employees are documenting their daily attendance and leave (e.g., vacation, sick, etc.). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)

Not applicable.

- Determine if supervisors are approving, in writing, the attendance and leave of all employees.

Not applicable.

Not applicable.

Not applicable.

2. Trace the budget adoption and amendments to the minute book.
